

General change for Barangay Services (Client Side)

- When creating a user account add required attachment of ID of resident up to 3 attachments
- Age at least 12 years old for now
- Attach Picture

Request Certificate of Residency

- Add option to attach file/photo of billing statement for the verification that he/she is resident

Request Certificate of Indigency

- Add attachment for proof of application on Public Attorney's Office (PAO)

Request Barangay Business Clearance

- Can attach file, if has Barangay ID, cert of residency selected and attached. It will continue. Second is if the applicant is applying for a lease/rental area, need a document attached of lease contract
- Another attachment file for DTI

Request Solo Parent Certificate

- Attach supporting document that indicates or proves that you are solo parent (e.g.: death of spouse, Annulment of marriage, prolonged absence, physical or mentally incapacity, unmarried mother/father)

Request Barangay ID

- Required to attach Picture for ID

Permit for event

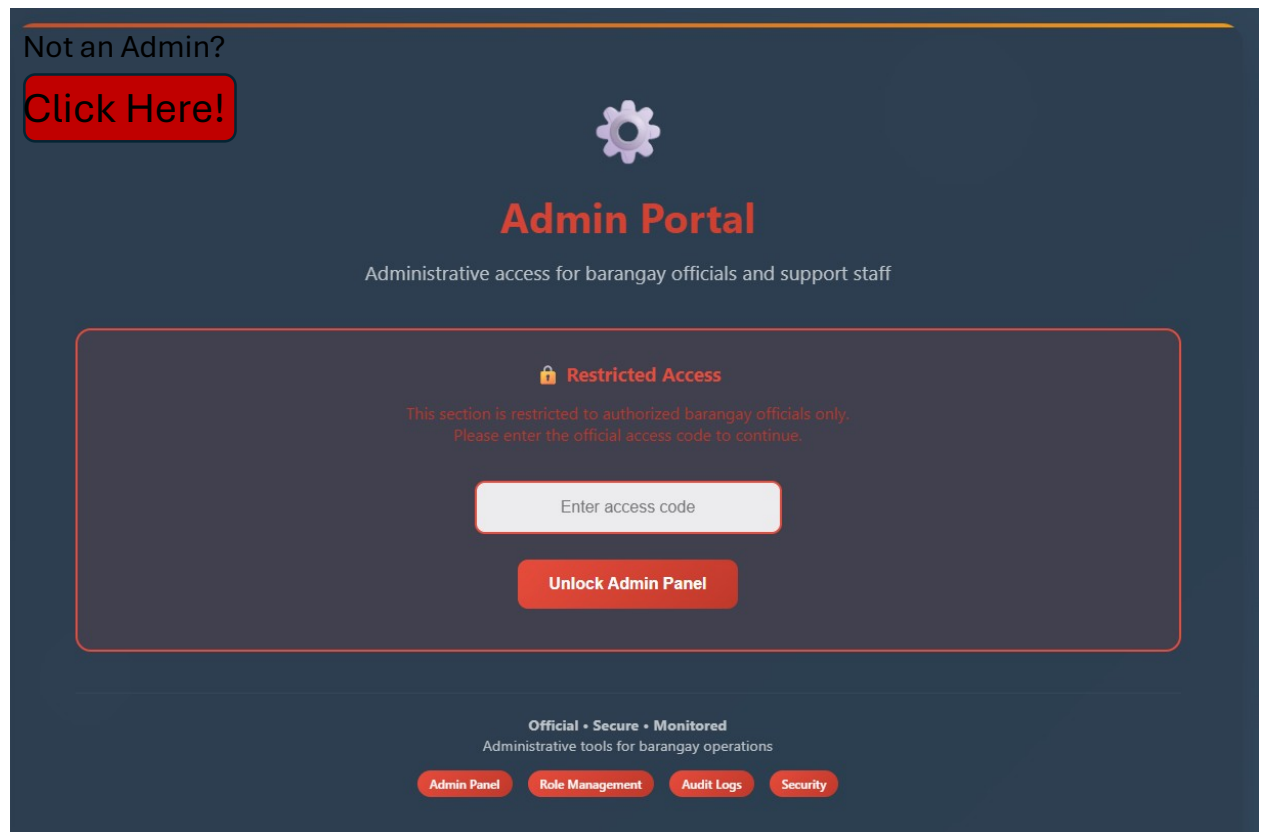

- Add a date of event calendar to specify the application

Certificate of Calamity Victim

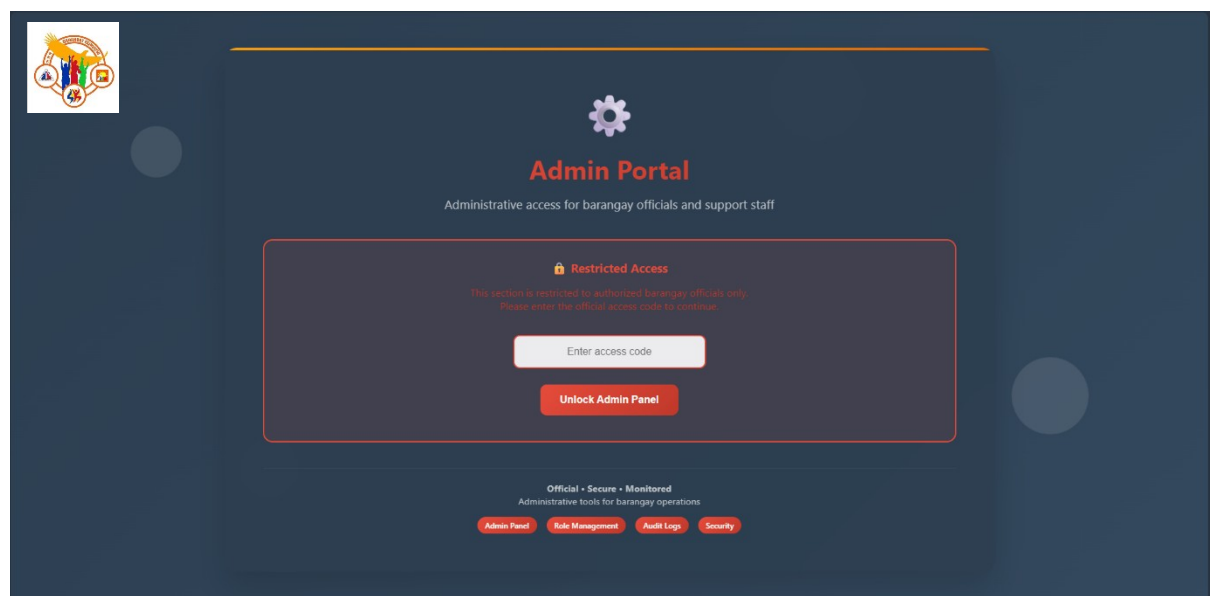

- Attachment of proof of incident
- Attach ID for verification

General Change of Admin Side

- When admin is clicked, no option of going back for (non-techy person) to click – Suggestion is to add a home button for redirection to landing page or a logo of barangay to click and can redirect to landing page
- Preferably here:

Or here

On Barangay Services and support ticket add a filter for each category

ID	Service	Applicant	Contact	Purpose	Status	Date	Actions
----	---------	-----------	---------	---------	--------	------	---------
